# Central Ontario

## Shorthorn Show & Sale

Saturday, June 5, 1971

MARKHAM FAIRGROUNDS,  
MARKHAM, ONT.

5 BULLS    -    42 FEMALES

- F O R E W O R D -

This is the fifth annual sale of the Central Ontario Zone Shorthorn Club. The ready acceptance of the cattle consigned to this sale from some of the top herds in Canada makes it one of the truly outstanding Canadian Sales of the year.

It is carried out in co-operation with the purebred beef cattle sales assistance policy of the Department of Agriculture. Cattle of only the highest quality are accepted for this sale and each individual animal is inspected by the sale committee for approval, plus being inspected by a qualified veterinarian previous to sale day. The health standards of these cattle will allow them to move anywhere in Canada or U.S.A.

We believe that Shorthorn cattle are a vital force in the beef industry as evidenced in the 1970 R.W.F. where both Grand and Res. Ch. steers carried a high percentage of Shorthorn blood.

Anyone in the beef business today or interested in getting into it whether purebred or commercial can assure themselves of a rightful place if they remember that Shorthorns possess all the qualities necessary in a modern day beef industry. If you are thinking of quality cattle with longevity, mothering ability, rate of gain, milk production, you are thinking Shorthorns. Plan to be with us on sale day and be a member of the rapidly expanding Shorthorn fraternity and take home some of the world's best breed of cattle.

Kinallan Clipper 3rd is bred to Gloriadale Premium and will calf a polled calf about April 15, 1971 who could be worth more than you pay for this young cow.
